

## LOWELL'S DORY SPONSORSHIP PROGRAM

Lowell's Boat Shop (LBS) is seeking sponsorship to sustain its mission of perpetuating the time-honored craft of wooden boat building in America's oldest continuously operating boat shop. These funds will be used to underwrite boat-building costs with the goal of creating a dory inventory to exhibit at boat shows and display at Lowell's Boat shop for prospective clients.

### **LBS proposes to accomplish this goal in the following manner:**

With a \$5,000. corporate, foundation or individual investment, that investor will be entitled to the following benefits:

- Name engraved on the Admiralty Board at LBS to give public awareness of participating sponsor
- Signage at the Boat Shop during boat production
- Name engraved on the dory you sponsor
- Invitation to a launching party upon completion of your boat
- Admission to Lowell's Boat Shop for your corporation's/foundation's members
- Use of LBS for corporate functions or parties

Upon the sale of your dory, your original investment will be placed in a revolving account to be used exclusively for the production of wooden boats.

*As a sponsor, your tax-deductible donation will ensure the sustained operation of Lowell's Boat Shop and the preservation of boat building history on the banks of the Merrimack River. Please consider joining us by sponsoring the building of a dory and...*

*Experience the Lowell tradition!*
