

## **Lowell's Boat Shop Holiday Open House Sponsorship.**

**Thank you for considering digital sponsorship of our annual HOLIDAY OPEN HOUSE. This year's open house will be a combination of in person and online auction, activities, and holiday store. We count on this fundraiser every year to provide funds for our ongoing winter programs and your sponsorship goes a long way to helping us reach our goals. Your business will be recognized in all promotional emails as well as on our website and the auction website.**

**Lowell's Boat Shop is a National Historic Landmark and America's oldest boat shop. Lowell's carries on the long history and tradition of boatbuilding on the lower Merrimack River and specifically Salisbury Point. Today, Lowell's is a working museum open to the public. We are still building boats for customers as we always have and we have numerous education programs providing the area's youth and adults with opportunities to learn boatbuilding, woodworking, as well as innumerable STEM concepts through innovative programming.**

**Your sponsorship helps support the work Lowell's Boat Shop does for this community.**

**Thank You.**
